General Description:	<p>Mauna Kea Resort was the vision and dream of respected developer Laurance S. Rockefeller. Fifty years ago he chose a patch of black lava in an inaccessible area with two beautiful beaches, to create a work of art that changed Hawaii Island. Rockefeller envisioned a resort of world-class standards—complete with hotels, golf courses and homes.</p> <p>The first step was Mauna Kea Beach Hotel in 1965. In 1994, the second half of the dream was fulfilled with the opening of Hapuna Beach Prince Hotel. Steeped in aloha, the classic elegance of Mauna Kea Beach Hotel perpetuates true Hawaiian traditions of the islands. The contemporary feel of Hapuna Beach Prince Hotel is manifested in its bold design. Together, these two distinct hotels help comprise the 1800+ acre Mauna Kea Resort to create an outstanding resort experience.</p> <p>Hapuna Beach Prince Hotel is situated on 32 oceanfront acres, nestled in natural bluffs over looking the silky white sands of Hapuna Beach.</p>
